Learnings / Ways Forward

- There are still lots to be mapped!
- Philippines has no id tags for traffic signs :(
- Mapping building footprints will help generate accurate exposure layers to overlay with hazard areas
- More visibility for remote areas

A sunset over the ocean with silhouettes of people on a boat. The sky is filled with dramatic, dark clouds, and the sun is low on the horizon, creating a bright glow. The silhouettes of several people are visible on the boat, which is positioned in the lower left quadrant of the image.

**"Ang Batanes ine-experience,
hindi ginu-google."**

- Coco Martin, 2015
